

Coffee with Master Buddha

Channeled Messages by Irhaan Rae Chandran

Beloved Souls,

For the next part of our series in Coffee With Master Buddha, I would like to introduce some of my disciples whom I had initiated. 12 of my disciples will speak and some new mudras and breathing techniques will be presented.

The Spirit of Boddhi Tree will also speak in the coming days along with my Guardian Serpent.

In the meanwhile, please go through some of the exercises given in the series.

Beloved Mother Earth is going through a tumultuous time and I ask you all to send your love and healing energy to her.

With each step you take, make a conscious choice to say these words and see these words getting imprinted on her body.

*I am Unity
I am Harmony
I am Peace
I am Joy
I am Love
I am beauty and grace
I am infinite*

I bless and Honour Mother Earth within my being.

You have the body of Earth Mother. Everything in life comes from her bountiful nature. She is the provider and nourisher of life.

You are all dearly loved and honored.
