

Curtain of Light

O God, open the curtain of light

So that I may see your face,

And gaze in your beauty and

Drink in your Love.

Open your curtain of Light

So that I may witness the majesty of your awesome power which creates the mountains and the oceans
and the Cosmos.

Part the curtain O God,

So that I may touch your gentle face and sit in the bosom of your heart and feel loved and I may become
whole once again.

Part the curtain O God,

So that I may take your hand and walk on the lands in togetherness, healing Mother Earth, and in this
togetherness, let us sow the seeds of a new reality, a new thought, a new paradigm.

Part the curtain O God,

And help us remember who we are in your ever present light and glory, so that we celebrate you in all
moments and for all eternity.
