

The sacred vowels I toned and the magic door opened
And behold the sacred sight of The Holy Book Of
On which was written thou shall REMEMBER
And I stood in reverence

And the holy words echoed through the halls

Kadosh Kadosh Kadosh

And tears welled up in my eyes and my Heart gently
embraced

This moment of Oneness and from my lips came the sound

I AM HOLY and HOLY IS THE HOST OF GOD

And out came Cherubims and Angels

Who placed a Crown of Olive Leaves on my head

And I chanted again **YHWH YHWH YHWH**

And me and my God became One and merged into the
Eternal Light Of One

By One, Into One, Into Fullness.
